

# Aiming to be A company that can continue to grow

## Quality & Environmental Policies

ISO9001/14001

Tokyo Film Service Co., Ltd. has established the following quality and environmental policies to provide high-quality film products that meet customer requests along with legal and regulatory requirements.

### 01

Not only are we devoted to the concept of "customer satisfaction", but we also aim to fulfill our individual responsibilities and always improve our quality and work.

### 02

We set high goals and act to achieve them while continuously improving the effectiveness of our management system.

### 03

By implementing a management system, we will improve our management practices.

### 04

With global environmental conservation in mind, we will strive to reduce industrial waste, prevent pollution, and work to promote the sale of recycled materials.
